## CREATING YOUR MENTORING MONDAY EVENT PROFILE

### Supported Devices:

- Supported Devices: Desktop/Laptop running Windows 10 or Mac OS 10.13+
- Non-Supported Devices: Mobile Phones or Tablets are NOT Supported
- Recommended Web Browser: Google Chrome

### Setting up your event profile:

Go to <https://live.remo.co/e/mentoring-monday-new-jersey-roun>

- Select **Save my spot!**
- Enter your email address, used the same one you used to sign up to attend the event
- Complete the Account Setup by creating a password.
- If you have used REMO in the past, just click **Log in now.**
- Once Registered and Logged in, **click your initials** at the top right corner of the screen.
- **Select My Profile**, then **Edit profile**
- Please include a photo, your name, title and company, as well as any links to your website, linked in, etc.
  - **PRO TIP: PUT YOUR EMAIL IN YOUR HEADLINE.**

**Prior to the event**, you can utilize the Remo System Check at <https://remo.co/mic-cam-test/> to verify your OS and Browser is supported. You can also perform a Webcam, Microphone, and Speaker Test.

- We HIGHLY recommend that all mentees utilize a headset to prevent any audio issues.

Here are some quick links if you run into issues:

- [My camera and microphone does not work on Windows 10](#)
- [My camera and microphone does not work on MacOSX](#)
- [How to Allow Chrome Access to my Camera and Microphone](#)

If you are running into any issues during the event, the fastest way to get support is by clicking on the '**Need Help**' button on the bottom left corner of the screen.
